

Guidelines for Preparation and Presentation of Posters

- Each author is allowed to display information on maximum one poster per paper.
- Space allocated for one poster is 2.5' feet high (Vertical) by 3.5' feet long (horizontal) (or 30" by 42"). Your poster needs to fit on this allocated space.
- Each poster should include a topic/title across the top.
- Underneath the topic/title, the authors' names, position, institution, postal addresses and e-mail addresses should be listed.
- The text information given on the poster should be clearly legible.
- The decision of the reviewers in regards to acceptance of the poster will be final.
- Specific time and locations for poster set-up will be forwarded to you as the information becomes available.
- Authors presenting posters must register for the conference.
- Papers of poster presentations will be included in the conference proceedings under the headings of poster presentation.
